

## REMARKS

The Notice of Non-Compliant Amendment of February 17, 2006 has been reviewed and its contents carefully noted. Reconsideration of this case, as amended, is requested.

The Notice was issued because the Claim Amendments section of the Response to a Non-Final Office Action filed on January 26, 2006, did not list claims 1-12. A replacement corrected Claim Amendments section is supplied with this response, which includes a correct note that claims 1-14 are all canceled.

Applicant believes the claims, as amended, are patentable over the prior art, and that this case is now in condition for allowance of all claims therein. Such action is thus respectfully requested. If the Examiner disagrees, or believes for any other reason that direct contact with Applicants' attorney would advance the prosecution of the case to finality, he is invited to telephone the undersigned at the number given below.

"Recognizing that Internet communications are not secured, I hereby authorize the PTO to communicate with me concerning any subject matter of this application by electronic mail. I understand that a copy of these communications will be made of record in the application file."
